

MAS DECOR

Technical Detail Sheet

GENERAL DESCRIPTION

Mas Decor is a high-quality water-based wall paint that is specially formulated with acrylic and luster pigments. This unique formulation allows for a wide range of decorative finishes, giving your walls a stunning and personalized look. Not only does Mas Decor offer excellent aesthetic options, but it also boasts several practical benefits. It is completely odorless, ensuring a pleasant painting experience. Additionally, it is non-toxic, making it safe for use in any indoor environment. Moreover, its washable properties make it easy to clean and maintain, providing long-lasting beauty to your interior spaces. With Mas Decor, you can confidently embark on your interior painting projects, knowing that you are choosing a safe and convenient solution.

CHARACTERISTICS AND PHYSICAL PROPERTIES

Flash Point	Non-flammable
Coverage	5-8 sqm/kg depending on the type of application
Dilution	5-10% with fresh water
VOC	38 g/L

METHOD OF APPLICATION

To ensure a proper application of Mas Decor, follow these guidelines:

- Begin by priming the substrate with MAS Masonry primer.
- Fill any imperfections with putty and sand the surface.
- Apply an intermediate coat with Mascryl in your desired color.
- Use a normal brush for a traditional application.
- Apply with a roller for a smooth and even finish.
- Use a sponge or spatula for textured effects.
- Experiment with a leather cloth for a unique touch.
- For larger areas, consider using a spray gun for faster coverage.

If you wish to create contrasting effects, Mas Decor can be overcoated with a different color of your choice. This allows for further customization and creativity in your interior painting projects.

STORAGE

The minimum shelf life of Stucco Grasello is 12 months when stored at temperatures below 25°C.

PHYSIOLOGICAL HAZARDS

Although Mas Decor is solvent-free, it is still advisable to ensure good ventilation in the working area and to use appropriate safety tools and equipment. In case of ingestion, Stucco Antico can be harmful. If contact with the eyes or skin occurs, it is important to thoroughly wash with clean water and promptly seek medical advice.

The above information is given to the best of our knowledge based on laboratory tests and practical experience. However, as the paint is often used under conditions beyond our control, we cannot guarantee anything but the quality of the paint itself. We reserve the right to change the given data without prior notice
